

Manufacturer of:
Pressure Vessels and Process Equipments for Bulk Drugs &
Pharmaceuticals Sectors and Herbal Extraction Plant Equipments

As a company in the growing Country's Economic Status, You should have the capacity to take on all over India. The question is how you get to be a part of the most customer friendly and enabling services which are best in class. Well, we have an answer.....Come to us, If you are in the industry and are tired of the various material handling equipments. Just give us a call...

SB ENGINEERS works with a mission, i.e. to satisfy its customers to the best. "You order. We make." We deal with manufacturing of all kinds of Process equipments.

PROCESS EQUIPMENTS

REACTORS | STORAGE TANKS | COILS | FILTERS IN CARBON STEEL & STAINLESS STEEL

FOR PROCESS INDUSTRIES

HEAT EXCHANGERS AND IN S.S., AND C.S. PRESSURE VESSELS FOR PROCESS INDUSTRIES

The year was 2010 and we had a vision. The vision was to build a team, which in the coming years would stand the best of its time and emerge victorious and successful in its field. The Founder Having acquired a Degree in Mechanical Engineering and better than to start a manufacturing unit which also designs and caters to each and every need of the customer. With the modest capital but with confident and talent, we laid the foundation for this manufacturing unit. The first time we tasted success with SB ENGINEERS, It was a great feeling, but as orders came to us, the success became a Habit for our Company. SBENGINEERS has reached to this stage through repeated self Improvement and analysis by the Entire team work, the result has become a Fixation with us.

STRENGTH

The biggest reason for our success has "THE NO-COMPROMISE" Attitude. The Technicians working with a "Strong Design Background" are able to manufacture products which cause no trouble at all; the servicing of these products has become a Simple routine process. With all these on our capable list, we attend to each and every need of our customer. More than anything our competitive prices play the most important role and without doubt Normal prices for highly advanced products are definitely a plus point of us.

NATURE OF BUSINESS

MANUFACTURER'S OF STAINLESS STEEL AND C.S. & M.S. EQUIPMENTS
FOR CHEMICAL, HERBAL EXTRACTION & PHARMACEUTICAL INDUSTRIES LIKE

1. REACTORS
2. CONDENSERS
3. EXTRACTORS
4. RECEIVERS
5. STORAGE TANKS
6. FALLING FILM EVAPORATORS
7. AGITATED THIN FLIM EVAPORATORS
8. BAG FILTERS
9. HYDRONATOR

MACHINERY AND EQUIPMENTS

Safer machines are always a safer bet, the facilities available with us that are what we are able to supply the best and qualitative equipment to our customers which works smoothly.
